- Italian (Native Speaker)
- English (Level B2)

PROFILE

I'm a front-end developer with a solid background in HTML, CSS and JavaScript, and skills in using frameworks such as React. These skills I acquired during my master in Front-End Development at [start2impact University](#). During this course I completed several projects that allowed me to improve my skills in web development and the creation of full responsive and accessible user interfaces.

I am currently looking for my first professional job to apply my skills in a challenging work environment and contribute to the success of the team.

WORKING AND TRAINING EXPERIENCE

- start2impact UNIVERSITY** 2023 - 2024
Master in Front-End Development
 - Studied basic programming languages such as HTML, CSS and Javascript;
 - In-depth study of CSS frameworks such as Tailwind and Bootstrap;
 - Specializing in javascript framework such as React;
 - Knowledge of Typescript;
 - In progress study of AngularJS
- SURVEYOR** 2017 - 2024
Construction site manager - Technical office clerk
During these years as a surveyor, I have served in various roles and consequently for each role I have performed various activities and developed various skills:
 - Processing targeted estimates;
 - Site accounting processing;
 - Drafting start and end of work;
 - Organizing materials and labor as needed;
 - Drafting of rebate estimates for tenders;
 - Joined as a JR figure to follow construction of BioMethane plants;
 - Design, permitting and connection paperwork clerk for photovoltaic systems;
 - Feasibility analysis of photovoltaic systems.
